

Lyndhurst Remote Learning Provision

From the start of term we have been providing remote education to all children except children who fall into the category of keyworker/vulnerable. We deliver quality live and 'offline' learning experiences every day. As far as possible, children follow the normal curriculum for this time of year, with both those at home and those at school having the same learning experience.

EYRS 9:30am – 3:30pm

We provide wrap around Care for children of keyworkers and vulnerable children.

Our nursery and reception child start and end the day with a 15 minute zoom session. During the day they access videos of their teachers to support their daily learning in phonics, maths and other areas of learning. All lessons can be accessed from the virtual site.

If children cannot access their learning we give out print packs/alternative learning support tailored to their needs and loan laptops to them.

Weekly timetables are available on our virtual website so parents know what's happening and when. A weekly planner with suggested activities are also emailed to parents.

YRS 1 – 6 9:30am – 3:30pm

We provide wrap around Care for children of keyworkers and vulnerable children.

Each child has 4 live zoom lessons per day. In the morning they will have Literacy and Maths, in the afternoon a foundation subject. We finish each day with a story. All lessons can be accessed from the virtual site.

If children cannot access their learning we give out print packs/alternative learning support tailored to their needs and loan laptops to them.

Weekly timetables are available on our virtual website so parents know what's happening and when.

Whole School Activities/Events

- On Tuesday's we have a Whole School Assembly to introduce the SEAL Theme of the week.
- We celebrate success every Thursday with our Golden Ticket Assemblies
- Grove FM, our radio station broadcasts every week
- Every Friday afternoon, all children complete an independent activity followed by golden time

How Are We Celebrating Children's Work? When will we give feedback?

EYRS – Nursery and Reception

- Teachers would love to have some feedback on your child's learning each week, so they can see how they are getting on.
- Parents **please email the class teacher** with comments about what your child is doing, we would love to see photographs of their drawings, writing or pictures of the children themselves doing something new and exciting!

If you have any queries on Early Years feedback and marking please contact your child's class teacher in the first instance, followed by the phase leader, Mrs Jarman if you need to.

KS1 – Year 1 and Year 2

- Parents please photograph **literacy and numeracy work on a WEDNESDAY** and email it to your child's class teacher.
- Teachers will reply via email with positive comments and often with a suggestion for how children can improve their work. Please read the teacher's comments to your child and encourage them to follow the suggestions.
- **Teacher's comments will be sent by Friday 3:30pm.**
- Teachers may also invite children to share other work via email with their teacher, though teachers may not respond to these, only the Wednesday Literacy and Numeracy work will be marked.

If you have any queries on year1/2 feedback and marking please contact your child's class teacher in the first instance, followed by the phase leader, Miss Harwood if you need to.

LKS2 – Year 3 and Year 4

- In Years 3 and 4, children are to use their Purple Mash accounts to access the work and upload their own.
- We would like all children to **upload 1 piece of writing a week**. This must be from their literacy session and be **uploaded into their Purple Mash folders on Friday**
- **Plus a photo or work done as part of their project/dip and do**, again this is to be **uploaded into their Purple Mash folders on Friday**
- The **Maths work will be marked with the teacher in the maths sessions** and therefore do not need to be uploaded. From time to time teachers may ask for maths work to be loaded, for example when children do an investigation.
- The teacher will provide a positive comment on the work and where appropriate a suggestion for how the children can make improvements. Please encourage your child to read through their teacher's comments and follow the advice given.

If you have any queries on year 3/4 feedback and marking please contact your child's class teacher in the first instance, followed by the phase leader, Miss Sawh if you need to.

UKS2 – Year 5 and 6

- In Years 5 and 6, children are to use their Purple Mash accounts to access the work and upload their own.
- We would like all children to **upload 2 pieces of writing a week**. This could be any piece of writing from their literacy or foundation subjects such as History or Science. These must be **uploaded into their Purple Mash folders on the day the task has been given out**.
- We would also like **children to upload a separate piece of work of their choice**. This could be an art activity or another literacy piece they are really proud of or their independent piece given out on a Friday. This will also be marked by the teacher with a positive comment.
- The **Maths work will be marked with the teacher in the maths sessions** and therefore do not need to be uploaded. From time to time teachers may ask for maths work to be loaded, for example when children do an investigation.
- The teacher will provide a positive comment on the work and where appropriate a suggestion for how the children can make improvements. Please encourage your child to read through their teacher's comments and follow the advice given.

If you have any queries on year5/6 feedback and marking please contact your child's class teacher in in the first instance, followed by the phase leader, Miss Savvides if you need to.

How Can we Help With Technology?

We can help with technology in the following ways:

- Loan of laptops if your child does not have one
- Increasing data usage on your phone if you are using it as a hotspot
- Installation of broadband in your home if you do not already have it
- General advice on accessing zoom
